If there had been home equity loans in 1902, this would be a two-room schoolhouse.

oday San Diego Teachers' Credit Union Home Equi-Line makes so many things possible. Home improvements. Graduate school. New mini-vans. Unforgettable vacations. To name just a few.

With the new tax laws now on the books, a Home Equi-Line makes good sense. Because it offers a renewable line of credit secured by the equity in your home. Funds up to \$100,000—ready when you are. And at a variable rate of interest that's definitely lower than a credit card.

And who else but San Diego Teachers' Credit Union would put out a welcome mat like this for teachers considering a home equity loan:

- No application or annual maintenance fees
- No points or pre-payment penalties
- No up-front costs (A one-time escrow and appraisal fee is fully deductible from the loan proceeds.)

Apply now for your Home Equi-Line at SDTCU. Make the most of the money that's right at your doorstep.

When it comes to your cargo, we don't fool around. Why, we're rolling up our sleeves before you round Point Loma.

We hear San Diego is making quite a name among you shippers. Some say it's the Port's lack of congestion. Or the acres of secure storage right at the dock. Not to men-

tion all those distribution services. Others say it's our shipping and handling rates—lowest on the West Coast. Or that big bulkloader that puts away 2,000 short tons in just one hour.

All true. But remember this, too. When you dock in San Diego, we'll be there. Ready to turn your ship inside out. Mak-

ing your visit short, sweet, and profitable.

Don't lose time. Ship to San Diego—and get what's coming to you.
